

TITO Lite

Enhance the player experience with our Ticket-In, Ticket-Out (TITO) Lite solution.

TITO Lite is MAX Integrated Systems offering to facilitate TITO functionality at venues that do not have or do not wish to operate a full gaming or loyalty system across their gaming machines.

Available in Victoria.

Provide your players with reliable TITO transactions.

TITO Lite is MAX Integrated Systems offering to facilitate TITO functionality at venues that do not have or do not wish to operate a full gaming or loyalty system across their gaming machines.

The MAX system offering for TITO Lite is;

- TITO Lite server.
- Software applications that support TITO operations and reconciliation.
- TITO activation on compatible EGMs via software application.
- Training (classroom and go-live operations).
- Installation of the system components.

Venues with TITO Lite can allow their players to insert cash into a gaming machine and begin to play. When the player is ready to finish, they press COLLECT and a barcoded ticket is printed with the collected payout amount. This ticket can then either:

- Be inserted into another TITO Lite enabled gaming machine via the bill acceptor.
- Redeemed for cash at a cash redemption terminal (CRT) or cashier station.

TITO Lite solutions provide a range of potential benefits to both venues and players, including;

Increased gaming floor efficiency – decreasing the number of hand-pays and hopper refills, resulting in longer periods of gaming machine operation.

Increased staff efficiency – manual processes such as hand pays are reduced, freeing up floor staff.

Increased level of customer service – reduced time at cashier stations and easy transition from one gaming machine to another.

Reduction in the amount of cash handling required, reducing the potential for errors.

Increased security – cash on-site to be secured within CRTs.

Detailed usage information reporting to better understand player behaviours.

Get the most out of TITO Lite.

Staff can process payouts more efficiently.

Reduces the risks associated with cash handling.

Allows players to move easily between ticket enabled machines.

Minimal player education required.

TITO Lite reduces the risks associated with cash handling.

The TITO Lite process is simple.

TITO provides a range of potential features to both venues and players, including;

- Transfer a maximum of \$1,000 to an EGM for both members and anonymous, provided that this does not cause the total accumulated credits on that machine to exceed the value of \$1,000.
- Tickets up to the value of \$1,999.99 can be collected by a player from an EGM. Transfer a maximum of \$1,999.99 out of an EGM for both members and anonymous.
- Players can receive CRT payouts to the value of \$1,999.99.
- Tickets remain valid for the player to use at either an EGM or CRT for up 30 days.

TITO Lite is the solution for venues that don't require a gaming system.
