## Product Service Bulletin

<b>Date:</b>	Tuesday, 17 March, 2020	<b>Prepared by:</b> Jacob Penno
<b>Subject:</b>	EGM Preventative Maintenance Guide	<b>No of Pages:</b> 1
<b>Product:</b>	IGT EGMs	

### APPLICABLE AREAS:

All Jurisdictions

### Cleaning Tips:

*CAUTION: Use extreme care when performing general maintenance, to prevent personal injury or damage to the machine. Although IGT designs numerous safety features into its products, servicing of machines should be performed by qualified personnel only.*

- Wipe the inside of the coin tray clean with a damp cloth.
- Clean all exterior glass including the monitor and DPP touchscreen with a non-abrasive, antistatic glass cleaner and a lint-free cloth.
- Clean the outside of the display module, lower and main doors with a mild cleaner that does not contain ammonia.
